Busy Beaver Button Co.

TEMPLATE KEY
— CUT LINE
= = RIM TEXT AREA
---- BUTTON FACE / LIVE AREA

TIPS FOR BEST RESULTS
• To add bleed around the edge of the button, extend artwork past second red dotted line.
• Keep rim text bold, sans serif and all caps for best readability.
• Turn off dashed guideline layers before saving but don't delete any layers.
• Outline all fonts and embed all linked files before saving in one of the following file formats: .pdf .psd .ai .eps .jpg .jpeg .gif .tif .tif
